

## Interest Rates and Interest Charges

**Annual Percentage Rate (APR) for Purchases, Cash Advances, Balance Transfers, & Convenience Checks**

**3.25%** Introductory APR for six months. After that, your APR will be **15.25%**

**Use by date:** Your convenience check must be added to your account by six months from the date your card is issued for the Introductory APR to apply to the transaction. If your convenience check posts after that date, we may honor the transaction, but you will not receive the Introductory APR. Instead, the standard APR for your account will apply.

**Penalty APR and When it Applies**

**18.00%**

This APR may be applied to your account if you:

1. Make a payment that is late 60 days or more;
2. Make a payment that is returned and causes your account to be over 60 days past due.

**How Long Will The Penalty APR Apply?** If we increase your APR due to a late payment, we may keep it at this higher level on existing and new balances until you make six consecutive on-time payments. If we increase your APR for any other reason, we may keep it at this higher level on new balances indefinitely.

**Paying Interest**

Your due date is at least 21 days after we mail your billing statement. We will not charge you interest on purchases if you pay your entire new balance by the due date each month. We will begin charging interest on cash advances and balance transfers on the transaction date.

**Minimum Interest Charge**

If you are charged interest, the charge will be no less than \$0.50.
